## DEAN'S CORNER

*Greetings!* After several months of planning, I am happy to announce some details about the new Columbus Chapter Scholarship Program. This new program is being funded by a portion of the additional monies left over after the 2007 AGO Discovers Columbus Region V Convention. The objective of this scholarship program is to encourage organ students in their educational process, with the intention of supporting attendance at programs that supplement the chosen course of study. Examples include AGO Pipe Organ Encounters, AGO national or regional conventions, and similar events. In addition to AGO events, there are scores of worthy workshops, seminars, and denominational camps.

The total amount of scholarship funds dispersed in any given year will be at the discretion of the Columbus Chapter Executive Board. Generally, this amount will not exceed the amount of interest received on the principal of the scholarship reserve funds. Scholarship awards will be determined by the Executive Board, or delegated to a committee. One, multiple, or no scholarships may be awarded in any given year.

There is no age limit for award recipients. Candidates are eligible if they are recommended by an AGO Columbus Chapter member, who is required to submit a recommendation form. The application form and recommendation form will be available in late May. Those interested in applying may contact me. Due to the late start for 2008, applications will be accepted until July 15th. Although many have already made plans for the summer, we hope to yet provide some help this year.

### *Please note a few house-keeping items:*

- \* Chapter election ballots are due May 31<sup>st</sup>. Thanks to all who have returned them.
