

AGO 2024 SAN FRANCISCO

JUNE 30 TO JULY 4

San Francisco is the place to be next summer.

Join us at the 2024 AGO National Convention, the world's largest gathering of organists and those who love the organ and its music. Our headquarters, the San Francisco Marriott Marquis Hotel, is the perfect location for exploring the city and meeting up with old and new friends who share a passion for the organ.

Attendees will experience a wide variety of performances, concert venues, and organs throughout the Bay Area. Programs will take place in San Francisco, Oakland, Berkeley, Palo Alto, Menlo Park, and at Stanford University. Registration includes bus transportation to convention venues.

AGO 2024 San Francisco: A Musical Encounter with an Enchanting City

Diversity

The San Francisco Bay Area is one of the most diverse regions in the country. Fostering a strong community of diversity is crucial to keep organ music alive, vital, and thriving for the future. Talented individuals have composed newly commissioned pieces for this convention, offering new organ music for the entire community to share and celebrate.

Environment

Our local ecosystem in the Bay Area reflects our region's human and natural diversity. The region is famous for its natural beauty, multiple biomes, and the food culture that grows around such an abundance.

Technology

Organs, the delivery of music scores, and composing organ music are rapidly shifting and changing. While the traditional model of our art form continues to thrive, exploring opportunities at organ music's frontier is vital to advancing the art form, attracting new audiences, and bringing more people into our community.

San Francisco Travel (sftravel.com), the San Francisco Convention & Visitors Bureau website, is an excellent resource. It includes information about how to use BART from the airport, the weather, what to pack, tourist attractions, and more.
